STOCK SIZES

A comprehensive range of self adhesive feet, designed for instrument cases and small housings. The stock range is available in both plate finish solid black rubber and light grey closed cell expanded PVC. The rubber feet are supplied loose and the PVC feet in strips of four.

CUSTOM SHAPES, SIZES & MATERIALS

Specialised production and tooling methods enable us to offer very competitive pricing. Tool cost can be as low as £50, with a minimum quantity of 5,000, providing an economic method both for prototype and production. Alternative materials such as fluted rubber, felt, expanded neoprene closed cell sponge, EPDM, expanded natural closed cell sponge and expanded closed cell polyethylene. We also supply Gaskets, Seals, Washers, Diaphragms, etc. with or without adhesive in all the above materials.
